RECRUITING ACROSS ALL PHILADELPHIA ZIP CODES

for the

DRINKPAK ADVANCED MANUFACTURING TECHNICIAN PROGRAM

EARNING $25/HOUR TO START

Program dates: 1/11/27 to 4/12/27

What is the DrinkPAK Advanced Manufacturing Technician Program?

DrinkPAK, the largest canned beverage contract manufacturer in North America, is building a state-of-the-art facility at Philadelphia's Bellwether District, bringing advanced technology, high speed production, and high-quality career opportunities to Philadelphia. To open its Philadelphia site, DrinkPAK is hiring Advanced Manufacturing Technicians to operate and maintain its leading-edge beverage packaging lines. The Skills Initiative is partnering with DrinkPAK to recruit talented Philadelphians for full time, benefitted Advanced Manufacturing Technicians roles earning $25/hour to start, with opportunities for advancement in a fast-growing manufacturing environment.

This Program Offers:

- Cutting-edge job connection strategies resulting in 93% of graduates finding employment
- A weekly stipend while in professional development and technical training
- Customized, hands-on training designed to prepare job seekers for full-time roles at DrinkPAK
- The chance to join the opening team at DrinkPAK, soon to be a major Philadelphia employer
